CUPE 7800 is proud to support Yolanda McClean for CUPE Ontario President.

Yolanda is a strong, experienced leader who has always stood up for workers and fought for fairness, solidarity, and respect for all members. She understands that our union is strongest when we focus on lifting members up, building unity and staying focused on issues that matter most to workers.

Yolanda understands the struggles members are facing on the front lines and has consistently fought for equity, fairness and respect for all workers. Yolanda leads with strength, but also with heart, and that matters.

CUPE Ontario needs leadership that will unite members, challenge injustice and never back down from a fight when workers are under attack. That leadership is Yolanda McClean.

In solidarity,

Jillian Watt & Kim O'Hearn
